Dear Mr. Huber:

We read with interest your paper "A Basic Fuchsin and Alkalinized Methylene Blue Rapid Stain for Epoxy-Embedded Tissue." Our work involves thin section staining, photomicrography and ultra thin sections for electron microscopy of animal tissue.

We would appreciate two copies of this paper which was published in "Stain Technology" 1969, Vo. 43, No. 2 by the Williams and Wilkins Company.

Yours very truly,
